Richard Taylor writes:

Following the very successful Heritage Open Day event at Ripon Canal Basin, the Society received the following email …….

With my wife and friends we were staying with in Wetherby, we visited Ripon on 9 September knowing that there was to be a ceremony to celebrate the opening of the Ripon canal.
What we had not anticipated is that there would be live music and clog dancing to go along with the interesting displays/stalls.
Together with a visit to the miniature railway group, where we received a guided tour, and lunch in the town, it all added up to a memorable visit.
So, congratulations to the society for staging such an event.

Richard Mills

Good to hear that visitors enjoyed the occasion and that our efforts were appreciated. Hopefully we'll be able to organise even more events next year.
